

## PRAYER BRACELETS

Compassion International is an organization that is holistically meeting needs of people all over the world through local churches. They provide food, water, and education, all in the name of Jesus.

Currently there are over 780 kids on the island of Sulawesi, Indonesia, that need someone to sponsor them through Compassion International. Some of our friends at Northeast Baptist Church in Houston have sponsored a lot of these kids, but there are 444 more kids waiting for someone willing to sacrifice so they can know Jesus.

For the next two weeks, our church is going to pray. We're going to ask the Lord to speak to our families about how many of these kids we can sponsor.

Inside your box you'll find five silicone bracelets that say "All of us for all of them." That's our theme for this campaign and sermon series. We picked this theme because we really do believe it's going to take ALL OF US here at FBG to reach this goal! Can you imagine what it will be like for our entire church to be involved with the same kids that live on the other side of the world?!?!?

Wear your bracelet and use it as a reminder to pray at least one time a day. Ask the Lord to show you and your family what your next step is in relation to Sulawesi.

*Note: If you don't have enough bracelets for your family, try reaching out to another FBG family you see regularly that might have an extra one. If you can't find anyone, swing by the church and pick up the extras that your family needs.*
