

EDUCATION

When a family sponsors a child through Compassion International, they are helping children in impoverished situations go to school. Get the big screen ready for a short video that will take you to Indonesia to hear a first hand report of how kids are being ministered to.

You can use this QR code or the type in the link below it.

<https://vimeo.com/423760869>

After the video ask:

1. What would life be like next week if there was no school?
2. What do you think your future would be like if you didn't have school?
3. What in your life would be more difficult if you were an adult and could not read or write?
4. What is one way you could show your appreciation to teachers or administrators at your school tomorrow?
