

SPIRITUAL CARE

Compassion takes focus on education, food, water, and other important things in the lives of kids, but the most important thing they do is tell kids about Jesus! Did you know that a child in the Compassion program makes a decision to follow Jesus every FOUR minutes! Check out this video and hear from a local pastor.

You can use this QR code or the type in the link below it.

<https://vimeo.com/448969944>

After the video ask:

1. Why do you think Compassion focuses on needs outside of the spiritual needs of kids?
2. Would it be fun to visit a church in another country? Why or why not?
3. If you were able to write a letter to a child in Sulawesi and tell them about your faith, what would you say?
