

FBG FAMILY ROUNDTABLE

Church Engagement

Use this worksheet as a guide to think talk about how your family engages at FBG

- 1, How often do you attend corporate worship? Do you need to be more consistent? If so, what would need to change?
2. How often do you attend a small group? Do you need to be more consistent? If so, what would need to change?
3. On a scale of 1-10 (1 is low engagement; 10 is high engagement), how would you rate yourself as a small group member in these areas:

Contribute to the conversation in the group

Practice rigorous honesty about your life and spiritual walk

Help plan activities for your small group outside of your regular meeting time

Connect with other people in your small group on a regular basis throughout the week

4. List other way that you currently engage the church. You add many of these to your Family-Crafted Discipleship Plan in a few weeks. Now add a star next to any area that you have listed that you need to deepen your level of engagement. Then in a different color, write out some areas that you think would be fun ways to engage at FBG.
