Kids are immersed in the gospel each week as they learn that the Bible is one epic story of redemption. They learn a variety of theological concepts and explore how each page of the Bible points toward Christ.

All kids from birth through 5th grade engage in the same lesson appropriate for their age level through interactive teaching, song worship, drama, crafts, fun application and other activities.

Nursery is located in the E1 building. Kids out of nursery through 5th grade meet in the E3 building.
