WEEK 3 KEY VERSES

COLOSSIANS 1:28

PSALM 1

WEEK 3 DISCUSSION QUESTIONS

- 1. How have you experienced the difference between being admonished (admonishing) and being taught (teaching) by other men? What are some ways you have benefitted from other men who have taught you spiritually?
- 2. Chad mentioned the tree described in Psalm 1:3 and how having brothers who teach each other is like coming alongside that spiritual fruit from other brothers and benefitting from them. Do you have men that you have regular conversation with that are like this tree that you get the benefit of their spiritual fruit? Have you been able to develop a pattern of teaching each other regularly? If so, how did you get started? What has helped you guys grow to a place where it happens on a regular basis?
- 3. In order to teach others it comes from a place of humility and overflows from the spiritual growth you have in Christ. Are there patterns in your life that foster growth in your relationship with Jesus? What pattern would you like to grow in over the coming weeks?
- 4. It is easy to feel overwhelmed with the thought of teaching brothers. Think of one thing the Lord has taught you and set a plan to share it with another

- brother this week. Share your plans so you can encourage each other throughout the week.
- 5. Have each guy share something the Lord has been growing them in over the past few weeks. Enjoy a time of simply teaching one another through sharing how the Lord is working in your life (particularly through the Word).
